

Shark Steam Pocket Mop Back Panel Replacement

This guide will show users how to remove and replace the back panel of their Shark Steam Pocket Mop.

Written By: Jacob Howe

INTRODUCTION

This guide will show users how to remove and replace the back panel of their Shark Steam Pocket Mop.

TOOLS:

- [Phillips #0 Screwdriver](#) (1)
-

Step 1 — Back Panel

- Begin by removing the 8 quarter inch phillips head screws found along the back panel
- Once all 8 screws have been removed, gently remove the back panel from the rest of the mop's body

To reassemble your device, follow these instructions in reverse order.
