

Blackberry Bold 9900 Battery Replacement

Batteries have limited lifetimes and wear out over time. This guide contains step by step instructions on how to replace the BlackBerry Bold 9900 battery.

Written By: MacKenzie Scarlett

INTRODUCTION

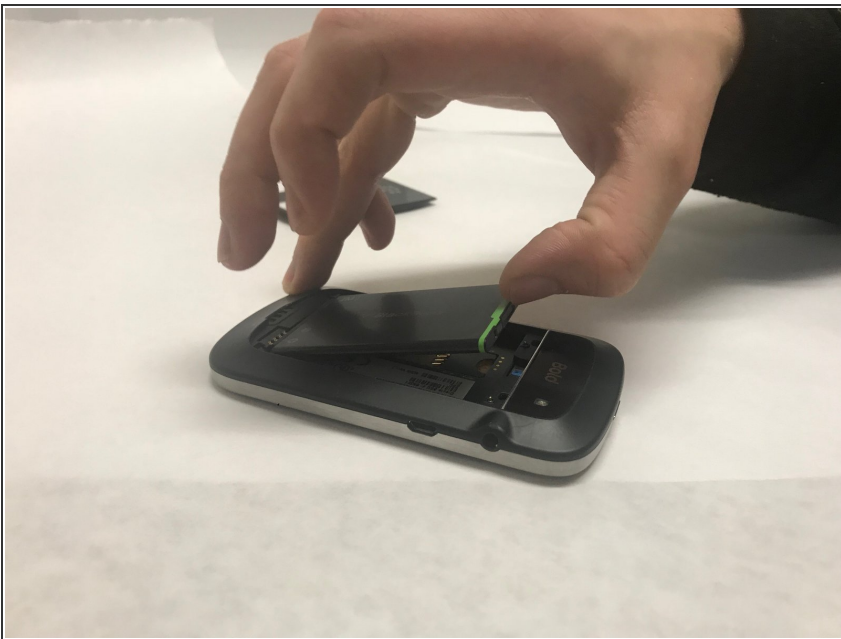

Replacing the BlackBerry Bold 9900 battery is the simplest replacement on the phone. All you need is to pry a little bit with your fingers. Replacement of the battery will improve battery life.

Step 1 — Battery

- Place phone screen down.
- Use your finger to lift upward on the battery case.
- Pull the cover away from the battery.

Step 2

- Lift the edge of battery with the green stripe upward to remove battery.

To reassemble your device, follow these instructions in reverse order.
