Step 1 — Unscrewing the Base-Cover Assembly
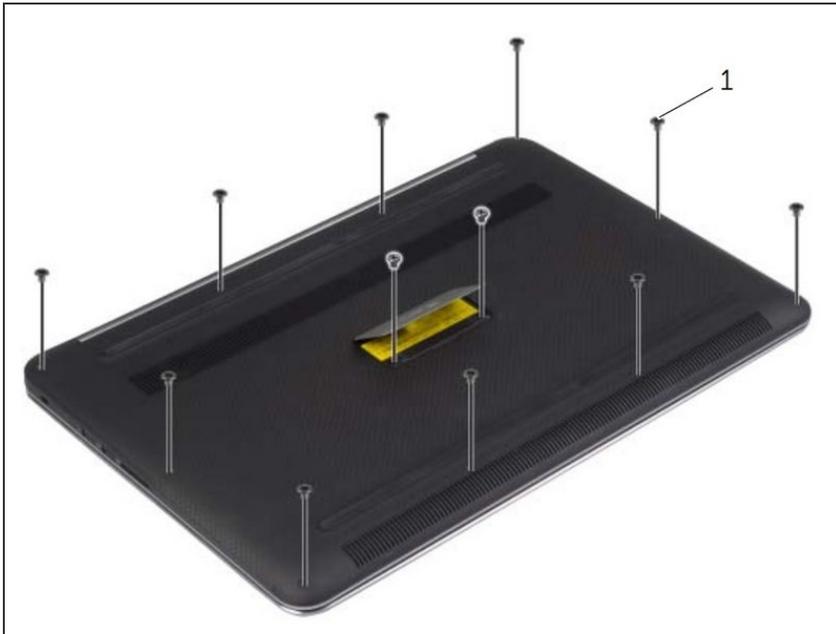

- After turning off the system, unscrew the 12 Philips screws (#1) that are on the bottom of the laptop.

⚠️ Don't forget to unscrew the two screws hidden under the system badge!

Step 2 — Prying Off the Base-Cover Assembly
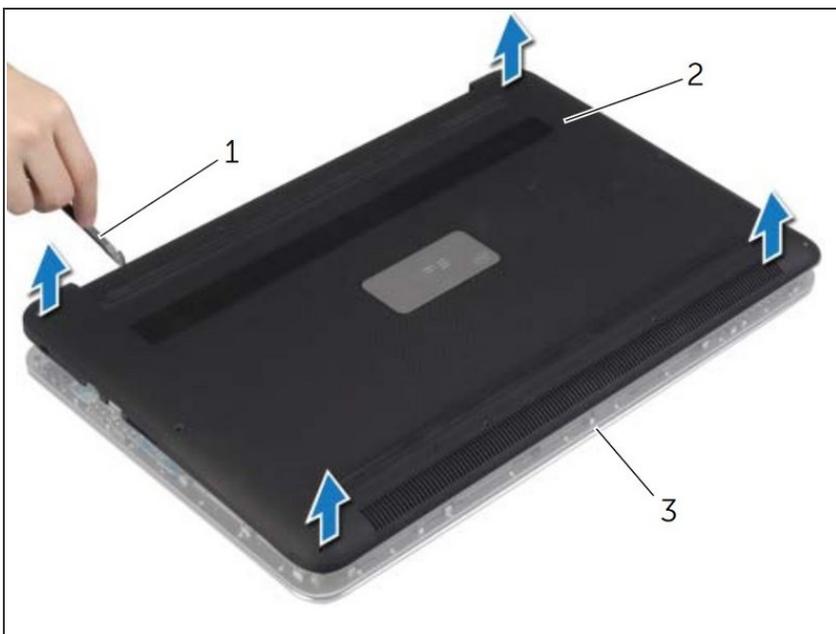

- Using a spudger or some other prying tool (#1), pry off the base-cover assembly from the rest of the system.

To reassemble your device, follow these instructions in reverse order.
