

Sony Alpha DSLR- A850 Viewfinder Cover Replacement

In this Guide we'll be removing the Sony Alpha...

Written By: Sukanya D

INTRODUCTION

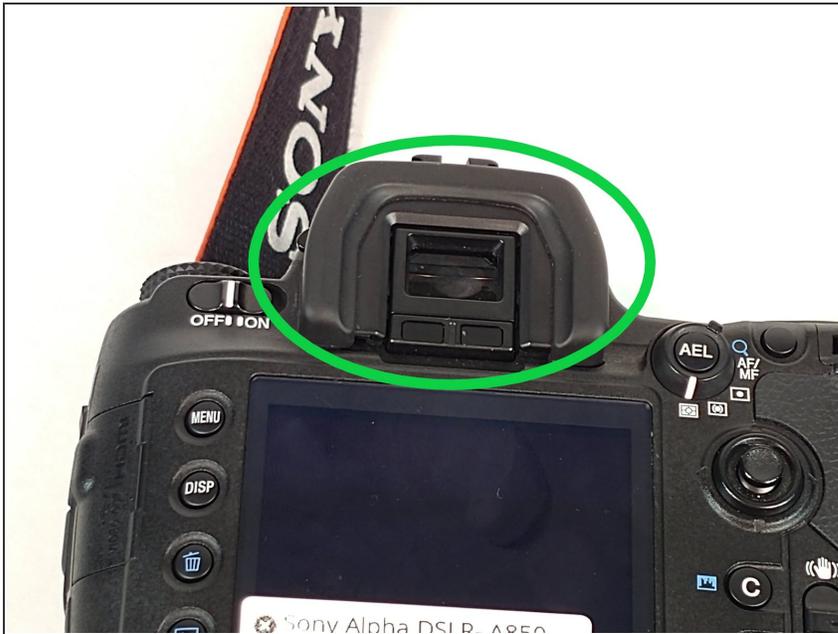

In this Guide we'll be removing the **Sony Alpha DSLR- A850** Viewfinder rubber cover, a prerequisite to Sony Alpha DSLR- A850 guides that follow.

PARTS:

- [FDA-EP4AM](#) (1)
-

Step 1 — Viewfinder Cover

- Find the rubber viewfinder cover on the upper rear of the camera, above the view screen.

Step 2

- Slide the rubber piece off.
- ⓘ There may be a slight popping sound.

Step 3

- Once the rubber piece has been removed, inspect the area.
- If everything looks fine, go ahead and slide the new rubber piece on the same way the old piece was slipped off.

To reassemble your device, follow these instructions in reverse order.
