

Farberware FSTO100 Oven Door Spring Replacement

Use this guide to reattach and secure the door...

Written By: Tony Wang

INTRODUCTION

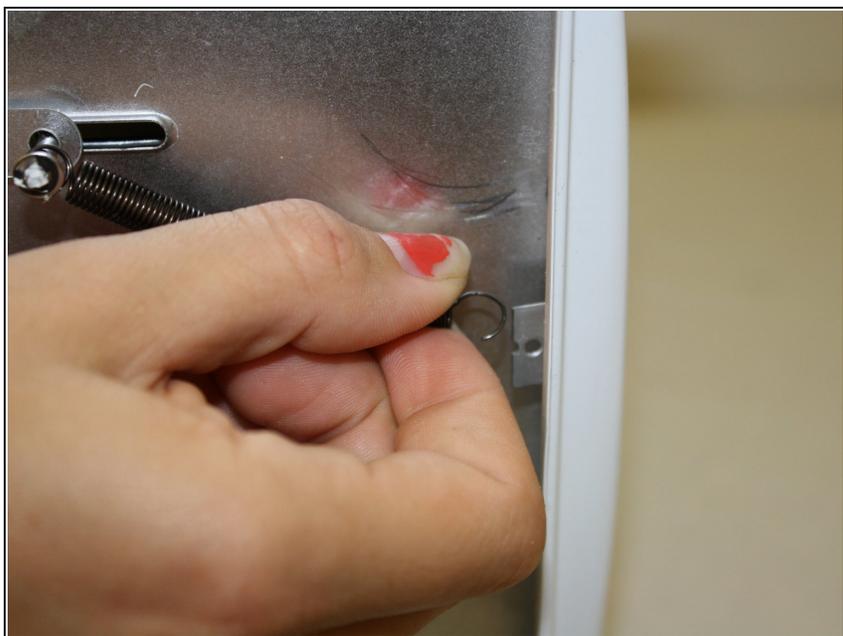

Use this guide to reattach and secure the door spring of your Farberware FSTO100 Oven.

TOOLS:

Large Needle Nose Pliers (1)

Phillips #0 Screwdriver (1)

Step 1 — Oven Door Spring

- ⓘ Make sure the door is closed before you start repairing the spring.
- If the spring is detached reinsert it back into the bracket.

Step 2

- Use pliers to bend the spring back into place if necessary.

To reassemble your device, follow these instructions in reverse order.
