

Motorola Moto E4 Battery Replacement

Use this guide to remove or replace a battery...

Written By: Nate Tjepkema

INTRODUCTION

Use this guide to remove or replace a battery in your Moto E4.

Before you begin, download the [Rescue and Smart Assistant](#) app to backup your device and diagnose whether your problem is software or hardware related.

This guide can also be used to gain access to the SIM card slot and the micro SD card slot.

TOOLS:

[iFixit Opening Tool](#) (1)
[Spudger](#) (1)

PARTS:

[Motorola Moto G4 Play, E4, and E5 Play Battery - Genuine](#) (1)

Step 1 — Remove the rear cover

 Before removing the battery, power off your Moto E4.

- Remove the plastic cover by gently prying it up from the notch at the bottom right corner of the phone.
- With the phone face down, lift the battery up by the labeled tab and remove it from the device.

To reassemble your device, follow these instructions in reverse order.
