

LG Fortune Battery Replacement

You will learn how to access your device and replace the battery with a new one.

Written By: Cori Johnson

INTRODUCTION

This guide informs you on how to access, remove, and replace your LG Fortune battery

Step 1 — Battery

- Use the slit on the bottom right side of the phone to open the back cover of your phone.
 - ⓘ It will be the bottom left of the phone if looking at it from the back.
- Slowly pry the back cover off the phone starting from the bottom up to the top.

Step 2

- Use the slot in the middle of the bottom edge of the battery to pry it up and out of the case.

To reassemble your device, follow these instructions in reverse order.
