

Velocity Micro Cruz T301 Rear Panel Replacement

Replace the back rear panel in the Micro Cruz T301.

Written By: Ali Rashid Al Araimi

INTRODUCTION

Use this guide to replace the rear panel on your Micro Cruz T301. This guide will show you how to remove the old rear panel to have a new one.

TOOLS:

- [iFixit Opening Tools](#) (1)
-

Step 1 — Rear Panel

- Insert the plastic opening tool in the SD port. The edge point should be pointed towards the rear panel.

Step 2

- Insert a small opening tool between the rear panel and the tablet.

Step 3

- The large opening tool is not needed any more.

Step 4

- Move the small tool opener around the rear panel to free the 12 edges.

To reassemble your device, follow these instructions in reverse order.
