

# Sony Cyber-shot DSC-W230 LCD Display Screen Replacement

Installation of a replacement LCD screen.

Written By: Michael Henry

---

## INTRODUCTION

This guide will explain how to take the necessary components of the camera apart in order to replace a damaged LCD display screen.

---

### TOOLS:

- [Fingers](#) (1)
  - [iFixit Opening Tools](#) (1)
  - [Flathead 3/32" or 2.5 mm Screwdriver](#) (1)
-

## Step 1 — Separating Camera and Display

- Align the camera so that the side with "4x Optical Zoom" is facing toward you.
- Gently twist the bottom corner clockwise until you feel the side panel unlock.
- Lift off the side panel and set aside.

## Step 2

- Rotate the camera 180 degrees to face the side panel with the lanyard loop on it.
  - Gently lift the panel vertically until it lifts off
- ⚠ Take care to not lose the small rectangular portion on the bottom of the panel.

### Step 3

- Position the camera so the bottom is facing up and the display away from the surface.
- Gently pry the screen portion from the camera portion with your fingers or a plastic prybar.
- ⚠ Do not fully separate the two components! the screen is attached by two ribbon cables.
- Lay the display flat to expose the circuit board and the display control ribbon cables.

### Step 4 — LCD Display Screen

- Using a flat head screw driver gently pry up the tab securing the ribbon cable from the display screen to the camera sensor and battery housing.
- Remove the ribbon cable connecting LCD display to camera sensor and battery housing

- Following the same procedure as above, uninstall the ribbon cable connecting the main camera controls to the camera sensor and battery housing

## Step 5

- The LCD display screen is now removed from the camera sensor and battery housing.
- The main camera controls are now removed from the camera sensor and battery housing.

## Step 6

- Unsnap LCD display screen from its mount by unsnapping it from the display screen using your finger nail.
- Now the new LCD screen can be installed.

To reassemble your device, follow these instructions in reverse order.
